Questions: Contact Frank

#### **Old Business:**

Oil for sale—contact Nate. 70.00 per case. 3 gallons per case.

Brian Spencer discussed getting CBC hats.

Discussed Changes to Weigh in tourney for Lonetree. Hand held weigh scales vs Golden ruler.

Frank stated the current way we do our card tournaments for individual tourneys would work for team series, just by placing a mark such as a colored sticker on the ruler for the day and have the teams take a picture of the fish on the ruler and mark the fish on the card, to deter any possible cheating. Feels there is no need to purchase weigh scales, especially when the TD has to calibrate each scale at each tournament, before handing them out. Plus, everyone already has rulers. He would like to suggest we do a couple tourneys like this before going to a weigh scale or two for each team member.

#### **New Business:**

Nate Caldwell has information on how to get new St Croix rods at a discounted price, Contact Nate for more info.

Email is working good, please sign up when you receive an email from google groups.

Currently not everyone has signed up but this is the way that the club has decided to go.

**Next meeting: May 3, 2016.**

**Adjourned.**
