It is each member’s obligation to know what B.A.S.S.’s Insurance minimums are, which may differ or change from what is written herein.

- b. Minimum boat requirements – Boats must be at least 15’ in length with a minimum of a 40hp engine. No stick steering. The boat must have a working livewell capable of keeping the fish alive. The TD may use their discretion to not allow a boat due to safety or fish care concerns.

 - ii. CBC kicks in \$200 towards each weekend tournament payout.
- c. **Number of Participants:** At a mini tournament where there are more non-boaters than boaters, fishing three to a boat will be on a VOLUNTEER basis by the BOATERS. It will then result in a first come, first serve basis dependent upon the order in which entry fees were paid.
- d. **Guests:** Guests will not be allowed to fish mini tournaments unless the Tournament Director gives approval prior to the tournament (please call TD before bringing or inviting guests). No guests are allowed to fish any half or all-day tournaments. A guest can either fish with who they came with and / or if they came alone can go into the draw. 6. **PAYOUTS:** Will be determined by numbers of entrants.

7. **LEGAL FISH:** Only Black Bass will be allowed to be carded. Any bass over 10" may be noted on your card. Bass will be measured to the quarter inch, rounding down. You may note a 1/8th of an inch for Big Bass and Tie Breakers. (Example: If a fish measures 18 7/8 inches it is to be marked down on your scorecard as 18 3/4 inches. If you feel you may have big fish, you may note to the side the extra 1/8 of an inch) To get the fish's maximum length, you must close the fish's mouth and place it firmly against the angle of the measuring board. You then pinch and fan the tail to acquire maximum length. You may measure a fish on either of it's sides. All measured fish must be verified by your boating partner and then immediately released. You must notate the score on your card immediately after this. All fish over 22" must be brought in to be verified by the TD.

- a. If you do not have a draw partner, all fish over 10", but under the legal size limit, will be on the honor system, although it is strongly encouraged that you take a photo of your fish on the golden rule.
- b. If you do not have a draw partner, all fish over the legal size limit must be verified by another competitor. That competitor must initial your card verifying the length. And that fish must be released immediately after verification.
- c. The best 7 fish on your card will have their values totaled for your cumulative score. The highest score wins.
- d. There is an 8-point penalty per dead fish. The time limit to verify that a fish is still alive will be one minute. Culling of dead fish from your card is prohibited. A dead fish may not qualify for the Big Bass prize.

After five minutes the member will be disqualified for that day. This includes both the boater and non-boater. If boat trouble should occur, weigh cards may be brought in by another member. If you are unable to get your card/s to another member you must call the TD over the phone prior to weigh in and advise them of the incident.
